

Mountain stool in solid wood, France, circa 1960

250

REF: 7814

Height: 42 cm (16.5")

Width: 38 cm (15")

Depth: 41 cm (16.1")

## DESCRIPTION

---

Mountain stool in solid wood, made in France around the 1960s.

The rectangular seat is supported by four cylindrical legs joined with mortise-and-tenon construction, secured by visible wooden pegs on the surface. The design is straightforward and robust, characteristic of utilitarian mountain furniture. The wood shows a dark patina and signs of use that enhance its authentic character.

Artisan production, France circa 1960
