

Green glazed ceramic pot, Menelika circa 1960

120

REF: 8046

Height: 13 cm (5.1")

Diameter: 16 cm (6.3")

DESCRIPTION

Glazed ceramic pot attributed to the Menelika workshop, produced in Switzerland between the 1940s and 1960s.

Round in shape and raised on a small circular foot, it features a monochrome glaze in deep variegated green tones. The richly speckled and softly mottled surface creates mineral-like effects characteristic of mid-century Swiss studio pottery.

The underside bears an "MK" monogram.

Manufacturer : Menelika Workshop, Switzerland, circa 1940-1960.
