DESCRIPTION

LC III wall light designed by Le Corbusier in 1949, created for the Unités d'Habitation interiors.

Made of curved sheet metal, grey lacquered on the outside and white on the inside, it provides indirect lighting characteristic of Le Corbusier's architectural approach. The open semi-cylindrical form shapes and directs the light onto the wall.

Reissue produced for the restoration of the Firminy Housing Unit.

France, second half of the 20th century.

Manufacturer: Reissue for Firminy.
