DESCRIPTION

R18 sideboard designed by Pierre Chapo in 1965.

Crafted entirely from solid elm, it features two doors flanking a central bank of five drawers. The sculpted handles, signature locking cube and exposed finger-jointed construction exemplify Pierre Chapo's distinctive approach, combining structural honesty with the natural beauty of solid wood.

Designed as a storage cabinet for dining rooms or offices, the R18 is distinguished by its deep storage compartments and well-balanced proportions, making it one of Pierre Chapo's most iconic furniture designs.

Signed at the back.
