

Pine Stool by René Martin, 1960s Design

René Martin

Sold

REF: 7133

Height: 44 cm (17.3")

Diameter: 30 cm (11.8")

DESCRIPTION

Pine stool designed by René Martin, nicknamed "René les Ciseaux." A renowned cabinetmaker, he collaborated with Charlotte Perriand on ski resort projects in Les Arcs and Méribel in the French Alps.

The stool features a quadripod base with rounded log-like legs supporting a thick circular seat. Its clean and functional design perfectly showcases René Martin's refined craftsmanship and the modern mid-century aesthetic.

Provenance: Méribel, circa 1965.
