DESCRIPTION

SCIANGAI coat rack, designed by the Italian trio De Pas, D'Urbino, and Lomazzi in 1973, produced by Zanotta.

An icon of Italian design, the SCIANGAI coat rack is inspired by the famous pick-up sticks game, mimicking its star-like unfolded shape. Crafted in solid ash with a white lacquer finish, this elegant and functional coat rack combines simplicity with ingenuity. Its articulated arms open to form a stable yet lightweight structure, ideal for holding clothes, bags, or hats, while folding easily to save space.

A true sculptural object, SCIANGAI transcends its utilitarian purpose to become a centerpiece of interior design. Its timeless design and refined aesthetic showcase the creative brilliance of its designers and the exceptional craftsmanship of Zanotta.
